OBJECTIVE

Seeking a cooperative education position in game or software development with experience in C#, Unity, and object-oriented programming.

EDUCATION

Rochester Institute of Technology (RIT), Rochester, NY — Expected May 2026
Bachelor of Science, Game Design and Development — **GPA: 3.70**
Dean's List: Fall 2022, Spring 2023, Fall 2023, Spring 2024, Fall 2024, Fall 2025

Queensborough Community College (QCC), Bayside, NY — August 2021 – May 2022
Computer Science Coursework — **GPA: 3.95**
Dean's List: Fall 2021, Spring 2022

SKILLS

Programming Languages: C#, C++, JavaScript, HTML, CSS
Game Development: Unity, Gameplay Programming, AI, Pathfinding, Physics, UI, File I/O, OOP, Debugging
Technologies: Git, GitHub, Visual Studio, VS Code, Sensor Integration, Serial Communication
Tools: Photoshop, Maya, SolidWorks

PROJECT

Enter the Gungeon Mod — Mouse Only Mod — January 2025 – May 2025

- Implemented a mouse-only control system in C# by overriding Unity's default player input.
- Developed rule-based AI and dual-mode movement logic to automate navigation and dodging.
- Modified existing game systems using ETGMod to integrate custom input, movement, and animation behavior.

Unity Team Project — Hyperdeath Robotika — January 2024 – May 2024

- Developed a top-down shooter in Unity using C# as part of a 5-person team.
- Implemented core gameplay systems, including game loop, character stats, and camera movement.
- Designed and implemented UI and HUD systems for gameplay and menus.

Terraria Mod — The Good, The Bad, and The Intoxicated — August 2025 – December 2025

- Developed a Terraria mod in C# with tModLoader in a team of 5, creating custom enemies and bosses.
- Designed state-machine-based AI for NPCs and bosses, including attack logic and animation control.
- Implemented gameplay features including projectiles, collision, and physics using the Terraria/XNA framework.

WORK EXPERIENCE

RIT Dining Services — September 2025 – December 2025
Student Employee — Rochester, NY

- Prepared food and restocked supplies in a fast-paced dining environment.
- Maintained cleanliness of dining areas and ensured food safety through temperature checks.
- Trained new employees and assisted multiple stations to support daily operations.
- Supported event setup, cleanup, and shift coverage when needed.
